## OUR STRATEGY

### Your company is our expertise

*Our company N.P.C can help you obtain, with the support of our financial partners secure accounts with a targeted and official document of the bank with regular statements of accounts customers who need to show guarantees ...*

*We have established contacts worldwide with traders who work with / for foreign banks often having their office in the institution in large banks to issue Proof of Funds (POF), Standby Letters of Credit (SBLC), Bank Guarantees (BG), MT 103, MT760, MT 799 MT999 and this within 6 to 7 business days.*

*These banking instruments can be used to finance real estate transactions. Commercial res; be eligible for funding credit increase; blocked funds; provide evidence of funds, mobilize funds for large commercial projects merchandise transaction*

*N.P.C is a consultant intermediary in financial solutions and analyzes. Our excellent relationship with our direct provider partners, Banks and monetizers will give you direct access to our address book.*

## OUR MAIN PARTNER BANKS

*Our Bank Guarantee and Standby Letter of Credit is issued from AAA rated banks ( HSBC London & Hong Kong , Barclays bank London,..) only and it is widely accepted in all banks in the world with some exceptions that we may not be willing to send out a SWIFT to some banks/financial institutions based on our previous experience and relationship with such bank/institutions. There is always an option for the applicant/beneficiary to submit their verbiage for review depending on the approval of our bank otherwise, our bank's standard verbiage will be used in SWIFT transmission of such bank instrument which will be made available in the contract which is usually in the ICC758 (UPC 600) format which is widely accepted for activation of credit line.*

## OUR FINANCES FOR YOUR BUSINESS

**AGRO CULTURE SECTORE**

**INNOVATION FACTORIES AND SYSTEMS**

**RENEWABLE ENERGY**

**BUILDING AND CONSTRUCTION**

*We can also help you finance your business projects through commercial loans for loans based on type assets (factoring, leasing) equipment, commercial real estate, mergers and acquisitions. Our goal is to be able to respond favorably to your project. We listen carefully to the objectives and needs of our customers. Our offers are always tailor-made. Are you interested in investing in a company developing a potentially game-changing renewable energy solution? How about water infrastructure projects in Asia? Innovative ideas and materials are used in the construction of facilities. Or waste-to-energy solutions in CIS and other countries? Maybe projects of specific investment size and ROI. It is up to you. You tell us your investment criteria, and we will match you with the right venture.*
