## OUR STRATEGY

### Your company is our expertise

Our company N.P.C can help you, with the support of our financial partners, to obtain secure accounts with a targeted and official document from the bank with regular account statements from clients who must present guarantees ...

We have established contacts worldwide with traders who work with/ for foreign banks often having their office in the institution of large banks to issue proof of funds (POF), letters of credit pending (SBLC), bank guarantees (BG), MT/103, M/T760, MT/799 MT/999 and this within 2 to 4 working days.

These banking instruments can be used to finance real estate transactions, Commercial residences; be eligible for a financing credit increase; blocked funds ; provide proof of funds, mobilize funds for large commercial projects transaction of goods.

N.P.C is an intermediary consultant in financial solutions and analyses. Our excellent relationship with our direct supplier partners, banks and monetizers will give you direct access to our address book.

## OUR MAIN TOP BANKS

*Our bank guarantee and standby credit letter is issued by AAA rated banks (HSBC London & Hong Kong, Barclays bank London,..) only and they are widely accepted in all the banks of the world with a few exceptions that we might not be-not being willing to send a SWIFT to certain banks/financial institutions based on our previous experience and our relationships with these banks/institutions.*

*There is always an option for the applicant/beneficiary to submit their verbiage for review depending on our bank's approval otherwise, the standard verbiage of our bank will be used in the SWIFT transmission*

*From this bank instrument that will be made available in the contract, usually in ICC758 (UPC 600) format, widely accepted for the activation of the credit line.*

*We have, of course, financial instruments from NON TOP banks (request a custom quote)*

AGROCULTURE SECTOR

FACTORIES and SYSTEMS in INNOVATION

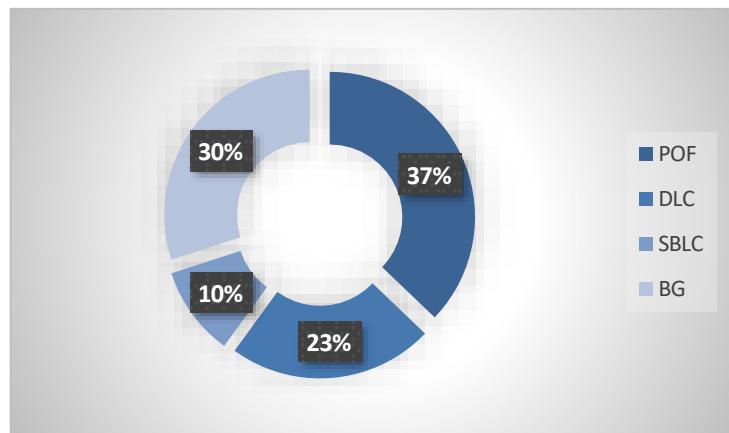

RENEWABLE ENERGIES

BUILDING CONSTRUCTION

We can also help you finance your business projects through commercial loans for loans based on asset types (factoring, leasing), equipment, commercial real estate, mergers and acquisitions. Our goal is to be able to respond favorably to your project. We listen carefully to the objectives and needs of our clients. Our offers are always tailor-made. Are you interested in investing in a company developing a potentially revolutionary renewable energy solution? What about water infrastructure projects in Asia? Innovative ideas and materials are used in the construction of facilities. Or waste-to-energy solutions in the CIS and other countries? Maybe projects of a specific investment size and return on investment. It's up to you to decide. You tell us your investment criteria, and we will associate you with the right company.

## WITH REGIONAL CONCENTRATION SHIFTING TOWARDS
